

MATHS WITH PARENTS NEWSLETTER

MARJORY KINNON SCHOOL
Issue 4 / 18th June 2021

Learning Maths has never been so much fun!
Shout out to our Marvellous Mathematicians
and their Superstar Parents!

Leanna – Dolphin Class

All in Order Game – Measuring length

Family comment:

Leanna liked this activity. We used a measuring tape and went around measuring different things including her sweets. This was easy for Leanna but more so with encouragement.

Sian – Elephant Class

Make Arrays – Multiplication using arrays

Family comment:

Sian enjoys Maths so trying to find numbers with 8 was fun.

Child comment:

Easy because I love it.

Billy – Elephant Class

Super Spaceship – Properties of 2D and 3D shapes

Family comment:

Billy really enjoyed making this today.

Child comment:

I liked it, I find that it was quite easy.

Isaac – LS2

Toy Target – 3 digit doubling and halving by partition

Family comment:

Isaac enjoyed drawing the targets.

Child comment:

I also enjoyed winning.

Arjun – Zebra Class

Tick Tock – Understanding the 23 hour clock

Family comment:

He initially struggled with the activity but later enjoyed it.

Armaan – Orca Class

Strawberry Subtraction – Solving addition and subtraction problems

Family comment:

Armaan enjoys subtracting.

Child comment:

I find it easy and my story is that my mummy bought 17 chocolates for me and my sister. My sister ate 5 chocolates, now I have 12 chocolates left. $17 - 5 = 12$.
