

# MATHS WITH PARENTS NEWSLETTER

MARJORY KINNON SCHOOL  
Issue 5 / 2<sup>nd</sup> July 2021

Learning Maths has never been so much fun!  
Shout out to our Marvellous Mathematicians  
and their Superstar Parents!

## Imogen – Zebra Class

Secret Number Game – 2-digit addition

### Family comment:

Imogen did very well on this activity and we had fun doing maths together.

### Child comment:

It was very fun!

## Albert – LS2

Shape Cards Game – Perimeter of 2D shapes

### Family comment:

Albert figured out perimeters of 2D shapes.

### Child comment:

It took 30 minutes, but it was good fun. It was pretty hard for me.

## Muhammad – Tiger Class

Pattern Making Game – Repeating patterns AB

### Family comment:

He made a pattern with jenga pieces and toy cars. We let him decide what pattern he wants to make.

## Harrison – Elephant Class

What's Left in the House? Game – Measuring capacity and volume

### Family comment:

Harry was able to fill up a jug with no measurements on it and then empty it into a smaller one to work out that the jug holds 300 ml. He said it was magic.

### Child comment:

I had a jug with no measurements on it and a smaller one that did. I filled up the smaller one (150ml) twice to fill my larger one to find out that it holds 300ml!

## Keiran – LS9

Celebrity Conversions Game – Converting lengths

### Family comment:

Keiran enjoys using the tape measure to this was fun, we even measured the height of our dog.

### Child comment:

I had fun with this, I am 150cm tall. Only 10cm shorter than my mummy.

## Mohamedamen – Tapir Class

Off to the Shops Game – Money

### Family comment:

He did very well. Worked hard today. Well done and thank you.
