## Omar – Zebra Class

Food Fractions game – Fractions of quantity and shape

### Family comment:

Omar knows all the fractions and he was very good at it.

### Child comment:

It was fun doing this whilst eating at family table and discussing the fractions.

## Rebecca – LS9

Stop the Clock game – O'clock and half past

### Family comment:

Rebecca enjoyed trying to beat her mum at this game.

### Child comment:

I enjoyed making the clock ring when it reached 12. This is a fun way to learn the time.

## Jayon – Kingfisher Class

Thirteen Game – Numbers below 20

### Family comment:

He counted slowly to make sure he was correct. He understood pretty fast and finished the task quickly. He had fun with mummy.

## Zakaria – Flamingo Class

Teddy Bear Picnic game – Halves and quarters

### Family comment:

Zak enjoyed looking for the objects and counting them.

### Child comment:

I played with my brother and I was faster than him.

## Fatma – LS6

What's in the cupboard? game – Measuring mass

### Family comment:

Fatma had fun looking around for items and weighing them. She liked this activity a lot.

### Child comment:

I found it easy weighing the items and I really enjoyed it.

## Marley – LS2

Partitioning Bingo game – Number and Place Value

### Child comment:

I enjoyed playing this game because I was able to play with my mum and learn to partition numbers I've never partitioned!

WITHOUT MATHEMATICS, THERE'S  
NOTHING YOU CAN DO. EVERYTHING  
AROUND YOU IS MATHEMATICS.  
EVERYTHING AROUND YOU IS  
NUMBERS.
